

DHANUSH K

UI/UX Designer

Bangalore, India | +91 6366027345 | dhanush2k1@gmail.com | [LinkedIn](#) | [Personal Portfolio Website](#) | [Dribbble](#) | [Behance](#)

PROFESSIONAL SUMMARY

UI/UX Designer with 3+ years of experience delivering user-centered interfaces, dashboards, and web portals. Skilled across the full design cycle — user research, information architecture, wire-framing, prototyping, and usability testing — with practical HTML/CSS knowledge for seamless developer handoff. Experienced collaborating with cross-functional teams to ship accessible, responsive, and visually consistent digital products.

SKILLS & TOOLS

Skills: UX Research, Design & Product Thinking • UI Design & Visual Systems • Wire-framing & Prototyping • Usability Testing & Accessibility (WCAG) • Design Systems & Interaction Design

Tools: Figma • Adobe Photoshop • Adobe Illustrator • Adobe After Effects • Adobe Premiere Pro • Notion • Framer

Other: HTML & CSS (basic) • AI-Supported Research & Ideation

PROFESSIONAL EXPERIENCE

UI Designer MResult, Bangalore (Hybrid)

May 2024 – Present

- Design interfaces for SharePoint apps, web portals, and dashboards of data, ensuring visual clarity and consistency of interaction.
- Build interactive prototypes and developer-ready Figma handoffs with responsive HTML/CSS specifications, reducing design-to-development friction.
- Improve data visualizations to enable faster interpretation and decision-making for business stakeholders.
- Conduct usability testing and iterate designs based on qualitative and quantitative research insights.

Associate UI Designer MResult, Bangalore (Hybrid)

Sep 2023 – Apr 2024

- Translated business requirements into user flows, wireframes, and high-fidelity prototypes in Figma through cross-functional collaboration.
- Contributed to design system components and documentation to ensure consistency across product interfaces.

UI Designer Trainee MResult, Bangalore (Hybrid)

Mar 2023 – Sep 2023

- Supported wire-framing and prototyping for internal apps; applied user research and usability feedback to iterative design revisions.
